PROFILE SUMMARY

Software Developer with experience in React JS, React Native, Python, Django, Flask, and SQL. Skilled in full-stack web development, mobile application debugging, API integration, and database management. Built web and mobile application projects, including a loan waiver verification system and a productivity platform. Seeking Software Developer, Frontend Developer, or Backend Developer opportunities.

SKILLS

Frontend : HTML, CSS, JavaScript, React JS, React Native, Bootstrap
Backend : Django, Python, Flask, SQL
Tools : Version Control (Git, GitHub), Code Editor (VS Code), Postman, Expo
Concepts : REST APIs, Responsive Design, SPA Architecture, CRUD Operations, App Deployment, Application Debugging

EDUCATION

2021 – 2025	B.Tech Information Technology Ganadipathy Tulsi's Jain Engineering College	CGPA: 8.5
2019 – 2021	NKM Higher Secondary School	Class XII – 84%
2018 – 2019	NKM Higher Secondary School	Class X – 78%

INTERNSHIP EXPERIENCE

Software Developer Intern – Eduonix Technologies Pvt Ltd April 2026 – Present

- Contributed to React Native mobile application development and maintenance with REST API integration.
- Debugged and resolved application issues across Android and iOS platforms, improving application stability.
- Implemented new features and UI enhancements, including bilingual quiz functionality.
- Generated Android and iOS builds, performed testing, and validated application releases.
- Resolved Android 16 KB page-size compatibility issues to ensure platform compliance.

PROJECTS

Image-Based Aadhaar and Smart Verification for Secure Loan Waivers [GitHub](#)

- Developed a full-stack loan waiver system using Flask, SQL, QR scanning, and Aadhaar verification.
- Implemented Decision Tree algorithms for eligibility prediction and verification workflows.
- Automated document verification processes, reducing manual validation efforts.
- Created database schemas for managing user, land, and loan records.

Personal Portfolio Website [Live Demo](#)

- Designed a responsive portfolio website with interactive UI theme toggle functionality.
- Showcased projects, skills, and professional experience through a modern, mobile-friendly interface.

ZenFocus [Live Demo](#)

- Developed a Single Page Application (SPA) using HTML, CSS, JavaScript, and LocalStorage.
- Integrated task management, focus timer, and productivity tracking features.
- Optimized the user interface for desktop and mobile devices.

TRAINING & CERTIFICATIONS

Python Full Stack Development | FIIT July 2025 – March 2026

- Trained in React JS, Django, SQL, REST APIs, and Postman through hands-on full-stack projects.
